

**Sickle Cell Disease
Public Health Strategic Planning Meeting
October 13, 2014**

Public Education and Awareness

{Identify up to 3 priority goals and strategies to address this issue}

1. Define the problem.
2. Identify barriers and solutions to addressing the problem.
3. Identify best practices or existing models. If a model or best practice doesn't exist for sickle cell disease, does it exist for another disease? Describe.
4. Prioritize the issues you identified in order of importance and feasibility. How could the health department implement your strategy and who would do it.
5. Are there ways to make sure young people know their trait status as they approach reproductive age?
